

CONFERENCE PROGRAM

4th Edition of World Congress on

INFECTIOUS DISEASES

June 21-22, 2023 | Rome, Italy

IN-PERSON

Central European Summer Time (CEST/UTC +2)
Mercure Roma West
Viale Eroi di Cefalonia, 301,
00128 Roma RM, Italy

VIRTUAL

Central European Summer
Time (CEST/UTC +2)

EXHIBITOR

Clinical Consulting

Quality first.

Clinical Consulting is a full service, progressive, Contract Research Organization (CRO) providing high quality clinical development strategy and management services for clinical trials with extensive experience in infectious diseases including: CAP, HAP, VAP, cUTI, PH, BV. We provide support for biotech and pharmaceutical companies by offering fast, high quality and cost-effective clinical trial management services. We have been operating since 2004 and have established ourselves as a trusted development partner in the field.

Clinical Consulting is a trusted development partner providing intelligent, comprehensive and cost-efficient options, and the high quality service. Our services are based on focus we give to our customers, growing and progressing experience, reliability and resources. We aim to deliver high-quality services that meet the specific needs of their customers. The company's success is attributed to its customer-focused approach, continuously growing and progressing experience, reliability, and available resources.

EXHIBITOR

CATUG Biotechnology provides novel CRDMO services with a particular focus on mRNA vaccines and therapeutics as well as gene and cell therapy (GCT). Plasmid, mRNA, LNP, and analytical QC are our four fundamental technology platforms. Our strong expertise and know-how aim to provide end-to-end solutions to our clients in the life cycle of mRNA therapeutics and GCT product development. We customize unique services and creative solutions to fit each client's needs and timeline.

CATUG is a CRDMO focused on advanced therapy, especially in mRNA & GCT, equipped with novel technologies. Our team has deep expertise in platform research, process development, analytical development and manufacturing, providing end-to-end solutions with quality and efficiency. As a trusted partner, CATUG always put our clients first. We value every client's particular request and customize unique solutions. Our global PM team provides 24-7 client service to guarantee project progress and communication. CATUG is innovative and technology-driven. We constantly develop novel approaches to meet complex challenges. We're flexible, delivering the best possible custom solutions that conform to our client's needs, from single problem-solving to end-to-end solutions.

DAY 01

Wednesday, June 21
(In-person)

@Mercure Roma West, Italy

08:00-08:50	Registrations
08:50-09:00	Opening Ceremony and Introduction
09:00-10:20	In-person Keynote Presentations
10:20-13:00	In-person Oral Presentations
13:00-13:10	Exhibitor Interaction
14:00-17:20	In-person Oral Presentations
17:40-18:30	In-person Poster Presentations

DAY 02

Thursday, June 22
(In-person)

@Mercure Roma West, Italy

09:00-09:40	In-person Keynote Presentation
09:40-16:50	In-person Oral Presentations
16:50-17:40	In-person Poster Presentations

DAY 02

Thursday, June 22
(Virtual)

@Zoom Meeting

08:50-09:00	AV check
09:00-12:30	Virtual Keynote Presentations
12:30-16:10	Virtual Oral Presentations
16:10-17:40	Virtual Keynote Presentations
17:40-20:40	Virtual Oral Presentations
20:40-22:10	Virtual Poster Presentations

IN-PERSON
VIRTUAL

Day 01 Break Timings

11:00-11:20 Coffee Break
13:10-14:00 Lunch Break
17:40-18:10 Coffee Break

Day 02 Break Timings

11:00-11:20 Coffee Break
13:00-13:50 Lunch Break
16:50-17:20 Coffee Break

Important Note

- The first day (DAY 1) of the program will take place in-person and will be scheduled according to the CEST time zone.
- The second day (Day 2) will be with both in person & virtual presentations and scheduled according to the CEST time zone.
- Sometimes there may be small changes in the program due to technical problems or presenters not showing up. To avoid missing any presentations, all presenters are asked to be available for the entire day of their presentation.
- When the program refers to Local Timings, it means that the timing mentioned is based on the time zone of the presenter's country.

DAY 1

IN-PERSON

JUNE 21, 2023
Wednesday

KEYNOTE PRESENTATIONS

Central European Summer Time (CEST/UTC +2)

@ROMOLO

08:00-08:50 | Registrations

Moderator:

08:50-09:00 | Opening Ceremony and Introduction

Walter Fabricio Silva Martins, Liverpool School of Tropical Medicine, United Kingdom

09:00-09:40 In-Person

Genevieve Inchauspe

ImmunResQ Department, France

Title: MVA-based virotherapies in the treatment of infectious diseases

09:40-10:20 In-Person

Pietro Salvatori

Private Practice, Italy

Title: The rationale of ethanol inhalation for disinfection of the respiratory tract in SARS-CoV-2-positive asymptomatic subjects

ORAL PRESENTATIONS

Chair:

Pietro Salvatori, Private Practice, Italy

10:20-10:40 In-Person

Rickyle Christopher Balea

The University of the Sunshine Coast, Australia

Title: Rapid, isothermal detection of Zika virus: A potential alternative to RT-PCR

10:40-11:00 In-Person

Sara Sentre Domingo

San Mateo de Gállego, Spain

Title: No cold chain molecular workflow for detecting and differentiating plasmodium

Group Photo

11:00-11:20 | Coffee Break @Foyer

11:20-11:40 In-Person

Susan Jack

University of Otago, New Zealand

Title: Carriage of neisseria meningitidis among university students living in residential colleges, Dunedin, New Zealand

11:40-12:00 In-Person

Mohammed Mir

Western University of Health Sciences, United States

Title: Therapeutic intervention of bunyavirus induced hemorrhagic fever and cardiopulmonary disease

12:00-12:20 In-Person

Walter Fabricio Silva Martins

Liverpool School of Tropical Medicine, United Kingdom

Title: Insecticide resistance and use of household insecticides for personal protection: Insights from vector-borne disease outbreaks

12:20-12:40 In-Person

Namiz Damani
Betsi Cadwaladr University
Health Board, United Kingdom

Title: Control of *C. difficile*-associated disease using a multimodal intervention

12:40-13:00 In-Person

Pietro Salvatori
Private Practice, Italy

Title: Efficacy and safety of inhalation of nebulized ethanol in covid-19 treatment. A randomized clinical trial

EXHIBITOR INTERACTION

13:00-13:10 In-Person

Ms. Anna Kobielska-Kozik, Clinical Consultant, Poland

13:10-14:00 | Lunch Break @AVENTINO

ORAL PRESENTATIONS

14:00-14:20 In-Person

Patricia Marques Moralejo Bermudi
University of São Paulo, Brazil

Title: Spatio-temporal patterns of dengue incidence and their associated factors, Brazil, 2000-2018

14:20-14:40 In-Person

Elena Hatalová
Pavol Jozef Šafárik University,
Slovakia

Title: Molecular screening for intestinal protozoan and fungal pathogens and first subtyping of blastocystis spp. in hemodialysis patients in Slovakia

14:40-15:00 In-Person

Saiema Ahmedi
Jamia Millia Islamia, India

Title: Inhibitory effects of limonene on *Candida albicans* virulence-related traits

15:00-15:20 In-Person

Adela Ngwewondo
Institute of Medical Research
and Medicinal Plants Studies,
Cameroon

Title: Onchocerciasis drug development: From pre-clinicals to humans

15:20-15:40 In-Person

Sara Sentre Domingo
San Mateo de Gállego, Spain

Title: Diagnosis of suspicious skin lesions in mpox times

15:40-16:00 In-Person

Aws Sami Al-Farsi
Sultan Qaboos University, Oman

Title: The burden of human parechoviruses on children in Oman

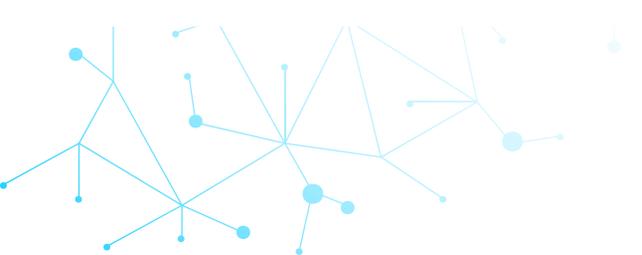

16:00-16:20	In-Person	M Esperanza Teresa-Rodrigo CerTest Biotec, Spain	Title: Clinical evaluation of Mpox virus detection by real time PCR
16:20-16:40	In-Person	Mohsin Khared King Abdulaziz University, Saudi Arabia	Title: Sternal wound infection following open heart surgery: Incidence, risk factor, pathogen, and mortality
16:40-17:00	In-Person	Milda Peckaityte Vilnius University, Lithuania	Title: Predicted coverage by 4CMenB and MenB-Fhbp vaccine against invasive serogroup B neisseria meningitidis isolated from 2017-2019 in Lithuania
17:00-17:20	In-Person	Hany Sady Shokry Redah Tampere University, Finland	Title: Effect of dietary intervention on the prevalence of asymptomatic malaria among 6-18-month-old children in rural Malawi
17:20-17:40	In-Person	Jeng How Yang New Taipwi Munciple Hospital, Taiwan	Title: Lack of association between YEASTONE antifungal susceptibility of cryptococcus meningitis cerebrospinal fluid isolates and risk factors for poor prognosis

17:40-18:10 | Coffee Break @Foyer

(17:40-18:30) POSTER PRESENTATIONS @REMO

P1	In-Person	Kathrin Weyer Heel GmbH, Germany	Title: Engystol may reduce lung pathology in SARS-CoV-2 infected hamsters: A pilot study
P2	In-Person	Raquel Gardini Sanches Palasio Universidade de São Paulo, Brazil	Title: Comparing climatic and socioeconomic factors inside and outside the high-risk spatial clusters of chikungunya and zika in Brazil
P3	In-Person	Sheeba S Sawant University of Wolverhampton, United kingdom	Title: Exploring the impact of Plectranthus amboinicus L. extracts on antioxidant system and cell membrane integrity of <i>P. aeruginosa</i> PA01 and <i>S. aureus</i> NCTC8325
P4	In-Person	Raquel Gardini Sanches Palasio Universidade de São Paulo, Brazil	Title: Chikungunya and zika high-risk co-occurrence clusters in Brazil: Is there a perfect overlap?

P5 In-Person

Sheema Mir

Western University of Health Sciences, United States

Title: Development of a syndromic molecular diagnostic assay, using barcoded magnetic bead technology for tick-borne pathogens

P6 In-Person

Dharanga Rumeschi Ratnayake

University of Wolverhampton, United Kingdom

Title: The activity of PHMB and other guanidino containing compounds against acanthamoeba

P7 In-Person

Rege Anna Márton

University of Veterinary Medicine Budapest, Hungary

Title: Investigation of the immunomodulatory effects of Cecropin A on a primary hepatic coculture of chicken origin

P8 In-Person

Luís Vitor Medeiros Lustosa

Barbosa
Faculty of Medicine of the Federal University of Goiás, Brazil

Title: Fatal case due to neonatal sepsis in Brazil: exorbitant cost for society

P9 In-Person

Marina Nick

Division of Medicine, UCL, United Kingdom

Title: Screening the Medicines for Malaria Venture (MMV) pandemic response box chemical library on caenorhabditis elegans identifies re-profiled candidate anthelmintic drug leads

P10 In-Person

Clara Fehrmann

SPRIM US LLC, United States

Title: Concept elicitation, cognitive debriefing and usability testing of COVID symptoms diary

P11 In-Person

Anderson da Silva Rego

Nursing School of Coimbra, Portugal

Title: Advancing infection control and pressure ulcer prevention: Developing an innovative antibacterial Pajama with dual benefits

End of Day 1

DAY 2

IN-PERSON

JUNE 22, 2023

Thursday

KEYNOTE PRESENTATION

Central European Summer Time (CEST/UTC +2)

@ROMOLO

Moderator:

Magdalena Piatek, Maynooth University, Ireland

09:00–09:40 In-Person

Alfonso Recordare
Dell'Angelo Hospital, Italy

Title: Phage therapy in clinical practice: Experience in chronic bone infections

ORAL PRESENTATIONS

Chair:

Alfonso Recordare, Dell'Angelo Hospital, Italy

09:40–10:00 In-Person

James Greenan-Barrett
University College London
Hospital, United Kingdom

Title: The impact of immunocompromise on outcomes of COVID-19 in children and young people

10:00–10:20 In-Person

Jacek Z. Kubiak
Wojskowy Instytut Medyczny,
Poland

Title: Higher proportion of SARS-CoV-2-positive children vs. adults detected as early as four months after the outbreak of 2020 COVID-19 pandemic in Warsaw, Poland

10:20–10:40 In-Person

Saleh Binmahfooz
King Abdulaziz University,
Saudi Arabia

Title: Characteristics of healthcare workers infected with COVID-19: A retrospective descriptive study in a university hospital, Jeddah, Saudi Arabia

10:40–11:00 In-Person

Mónika Madai
National Laboratory of Virology,
Hungary

Title: Specific IgY antibodies protect Syrian hamsters against SARS-CoV-2 infection

11:00–11:20 | Coffee Break @Foyer

11:20–11:40 In-Person

Gadissa Bedada Hundie
St. Paul's Hospital Millennium
Medical College, Ethiopia

Title: Level of vaccination against COVID-19 and post vaccination breakthrough infection among a cohort of healthcare workers in a tertiary teaching hospital in Ethiopia

11:40-12:00 In-Person

Elfian Rachmawati
Diponegoro University, Indonesia

Title: Co-infection of severe leptospirosis and Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) with multiple organ involvement in Indonesia

12:00-12:20 In-Person

Philip John M Joves
Adventist Medical Center Manila, Philippines

Title: Barriers to antiretroviral medication adherence in People Living with HIV (PLHIV) at the time of COVID-19 pandemic in the Philippines

12:20-12:40 In-Person

M Esperanza Teresa-Rodrigo
CerTest Biotec, Spain

Title: Are your nasopharyngeal swabs stored in good condition?

12:40-13:00 In-Person

Magdalena Piatek
Maynooth University, Ireland

Title: Characterisation of the proteomic response of candida parapsilosis to the Silver(I) compound SBC3

13:00-13:50 | Lunch Break @AVENTINO

13:50-14:10 In-Person

Klemen Bohinc
Faculty of Health Sciences, Slovenia

Title: Microbial adhesion capacity on orthopedic implants

14:10-14:30 In-Person

Huiyi Feng
Shenzhen Tianyou Medical Institute, China
Weixi Shen
Shenzhen Tianyou Medical Institute, China

Title: Develop the overall diagnosis and treatment strategy of infectious disease epidemic and create a novel precise diagnosis and treatment model of cytokine storm

14:30-14:50 In-Person

Jairo Antonio Cárdenas Londoño
Hospital Universitario San Vicente Fundación, Colombia

Title: Leptospirosis in rural Colombia: Moniquira's case series in 2022

14:50-15:10 In-Person

Ratna Ayu Cahaya Kusuma Dewi
Diponegoro University, Indonesia

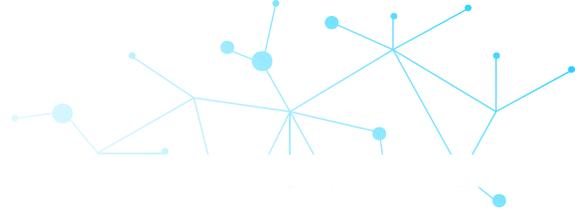

Title: Tuberculosis meningoencephalitis and drug side effects: The important role of early diagnosis and therapy modification for better outcome in Indonesia

15:10-15:30 In-Person

Bidhi Dhital
Charak Memorial Hospital Pvt. Ltd., Nepal

Title: Clinico-epidemiological presentation of acute encephalitis syndrome in patients visiting a tertiary hospital in Kathmandu, Nepal: A descriptive cross-sectional study

15:30-15:50 In-Person

Mohammad AL-Mamun
Research Fellow & Biochemist
(Clinical Pathology), Bangladesh

Title: Antibiotic-resistant strains of klebsiella pneumoniae harbouring novel virulence proteins with rising temperature

15:50-16:10 In-Person

Yaya Dambelleh
Ministry of Health, Gambia
Karafa Jarju
The Gambia Armed Forces,
Gambia
Essa Joof
The Gambia Armed Forces,
Gambia
Abdoulie Senghore
Gambia Police Force, Gambia

Title: Have the Gambia met the enrolment target for HIV, The Gambia, 2017-2021?

16:10-16:30 In-Person

Tafaani Khan
Boston Medical Center,
United States

Title: Progression of pneumococcal nasopharynx colonization in relation to the pneumococcal conjugate vaccines in children between the ages of 2 months to 5 years at Boston medical center

16:30-16:50 In-Person

Michael Ansah
University of Wolverhampton,
United Kingdom

Title: The potential of guanidino and amidopropyl dimethylamine compounds as topical treatments for diabetic foot ulcer infections

16:50-17:20 | Coffee Break @Foyer

(16:50-17:40) POSTER PRESENTATIONS @REMO

P12 In-Person

Ivelina Trifonova Trionova
National Center of Infectious and
Parasitic Diseases, Sofia, Bulgaria

Title: A strong dominance in the spread of influenza viruses over that of the SARS-CoV-2 during the 2022/2023 season in Bulgaria

P13 In-Person

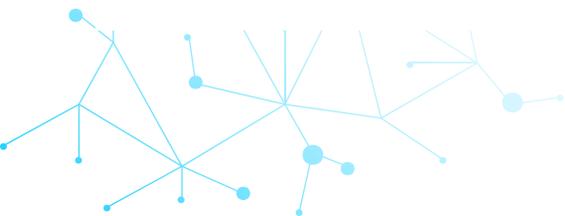

Aurelija Zvirbliene
Vilnius University, Lithuania

Title: Prevalence and characteristics of neisseria meningitidis carriage among high school students from the Vilnius region, Lithuania

P14 In-Person

Kristina Cerniauskiene
Lithuanian University of Health
Science, Lithuania

Title: Profile of beta-lactamases in Multidrug-Resistant (MDR) acinetobacter baumannii strains in Lithuania 2016-2017 and 2021-2022 years

P15	In-Person	Zsaklin Varga University of Pécs, Hungary	Title: The role of aedes koreicus in the circulation of dirofilaria repens and dirofilaria immitis filarial nematodes in a middle-sized european city, in Hungary
P16	In-Person	Yuying Tang Southeast University, China	Title: CD11c+ dendritic cells are required for survival in murine LPS induced ALI
P17	In-Person	Preeti Chaudhary ICMR-National Institute of Malaria Research, India	Title: Identification of novel P. falciparum Kelch13 (PfK13) interacting partners via coimmunoprecipitation (co-IP)
P18	In-Person	Chansay Pathammavong Mother and Child Health, Laos	Title: Evaluation of the national immunization program by estimating immunoglobulin G antibody prevalence of measles and rubella in Lao People's Democratic Republic
P19	In-Person	Yuefeng Song Nanjing University, China	Title: Analysis of oral clinical manifestations and serological test results of secondary syphilis
P20	In-Person	Wenmei Wang Nanjing University, China	Title: Effect of a novel anti-splash mask on preventing aerosol in dental practice
P21	In-Person	Mustafa AKIN Petroyag ve Kimyasallar San. ve Tic. A.Ş, Turkey	Title: Development of novel vaccine adjuvant formulation against IBV for the poultry industry
P22	In-Person	Marwah Saud Al-Thuhli Oman Medical Speciality Board, Oman	Title: Culture-proven bloodstream infection in children managed at a tertiary hospital in oman
P23	In-Person	Abdallah Musa Abdallah Qatar University, Qatar	Title: Metabolic predictors of COVID-19 mortality and severity: A survival analysis study

DAY 2

VIRTUAL

JUNE 22, 2023
Thursday

KEYNOTE PRESENTATIONS

CEST Timings Local Timings

08:50-09:00 CEST | AV check

09:00-09:30 09:00-09:30

Alfredo Berzal-Herranz
Instituto de Parasitología y
Biomedicina López-Neyra,
(IPBLN) CSIC, Spain

Title: Essential functions of RNA virus genome beyond the storage of protein-coding information

09:30-10:00 16:30-17:00

Seki Masafumi
Saitama Medical University
International Medical Center,
Japan

Title: Comparisons of the molnupiravir, sotrovimab, and remdesivir use for COVID-19 patients in a tertiary hospital of Japan

10:00-10:30 18:00-18:30

Wayne Joseph Dimech
National Serology Reference
Laboratory, Australia
Giuseppe Joe Vincini
National Serology Reference
Laboratory, Australia

Title: Quality control of infectious disease testing

10:30-11:00 14:00-14:30

Gayatri Tripathi
ICAR-Central Institute of
Fisheries Education, India

Title: Applications and prospects of metagenomics in fish gut microbiota research

11:00-11:30 17:00-17:30

Chunyang Li
Jiangsu Academy of Agricultural
Sciences, China

Title: The role of novel cold atmospheric plasma technology in preventing infectious diseases

11:30-12:00 15:00-15:30

Vijay Prabha
Panjab University, India

Title: Potential of lactobacillus plantarum in amelioration of lps-induced infertility in mouse model

12:00-12:30 11:00-11:30

Keekok Lee
University of Manchester,
United Kingdom

Title: The monogenic conception of disease: How to avoid some pitfalls in understanding it in the context of SARS-CoV-2/COVID-19

ORAL PRESENTATIONS

Chairs:

Ranjan Ramasamy, IDFISH Technology, United States
Gayatri Tripathi, ICAR-Central Institute of Fisheries Education, India
Vijay prabha, Panjab University, India

12:30-12:50 20:30-20:50

Nai An Lai
Mater Health, Australia

Title: Molecular diagnostics in critically ill patients with severe pneumonia

12:50-13:10 18:50-19:10

Shuyun Liu
Wenjiang District People's
Hospital, Chengdu, China

Title: Research on the mental health of medical interns in clinical teaching base in the post-pandemic era-data from China

13:10-13:30 19:10-19:30

Diana Gonzaga Ramos
Research Institute for Tropical
Medicine, Philippines

Title: Determinants of early virologic failure among hiv patients on first-line anti-retroviral therapy

13:30-13:50 19:30-19:50

Maria Yvez Erika P. Ugale
San Lazaro Hospital, Philippines

Title: Bacterial co-infection and secondary infection in Sars-Cov-2 (Covid- 19) adult patients in a national tertiary infectious disease hospital

13:50-14:10 15:50-16:10

Rajaa Sulaiman Al Aamri
Nizwa Hospital, Oman

Title: Burden of invasive group B streptococcus infection among infants less than 90-day old in Oman: A multicentre study

14:10-14:30 15:10-15:30

Georgios D. Theodorakopoulos
Technological Institute of Patras,
Greece

Title: Facial pressure ulcers incidence within pandemic in critical care depts. Are there feasible strategies to prevent this complication?

14:30-14:50 14:30-14:50

Jaime David Acosta-España
Leibniz Institute for Natural
Product Research and Infection
Biology, Germany

Title: In vitro whole leukocyte infection model and detection of hydrophobic surface-binding protein A (HsbA) in *L. corymbidera*

14:50-15:10 16:50-17:10

Waqar Ahmad
United Arab Emirates University,
United Arab Emirates

Title: Identification of microRNAs dysregulated in SARS-CoV-2 infected patients in the ethnically-diverse population of the United Arab Emirates (UAE)

CEST Timings Local Timings

15:10-15:30 16:10-16:30

Mohammad Alshomrani

Riyadh Regional Laboratory and Blood Bank, Saudi Arabia

Title: Updates in COVID 19 laboratory diagnosis

15:30-15:50 14:30-14:50

Presenter 1: Matthew Emmerson

University of Oxford, United Kingdom

Presenter 2: Tharanika Ahillan

Newham University Hospital, United Kingdom

Title: COVID-19 in the homeless population: A scoping review and meta-analysis examining differences in prevalence, presentation, vaccine hesitancy and government response in the first year of the pandemic

15:50-16:10 19:20-19:40

Kushal Kalvit

Tata Memorial Hospital, India

Title: Measles sans rash-an atypical cause of new-onset refractory status epilepticus (NORSE)

KEYNOTE PRESENTATIONS

16:10-16:40 10:10-10:40

Ranjan Ramasamy

IDFISH Technology, United States

Title: Selection underlying evolution and spread of SARS-CoV-2 variants

16:40-17:10 10:40-11:10

Stephen Hsu

Augusta University, United States

Title: Novel nasal formulations containing EC16 to combat long COVID

17:10-17:40 11:10-11:40

Saurabh Chattopadhyay

University of Toledo College of Medicine, United States

Title: Novel functions of IRF3 in viral infection and inflammation

ORAL PRESENTATIONS

17:40-18:00 11:40-12:00

Brandon Lucke-Wold

Baylor University, United States

Title: The neutrophil to lymphocyte ratio in post-stroke infection: A systematic review and meta-analysis

18:00-18:20 13:00-13:20

Victoria Belen Ayala Peña

Universidad Nacional del Sur (UNS), Argentina

Title: Anticoronavirus formulations based on chitosan

18:20-18:40 12:20-12:40

Ranjan Ramasamy
IDFISH Technology,
United States

Title: Dengue transmission and aedes vector dynamics before, during and after COVID-19 travel restrictions

18:40-19:00 18:40-19:00

Ágnes Nagy
Hungarian Defence Forces
Medical Centre, Hungary

Title: Amplicon-sequencing method for strain-level subtyping of bacillus anthracis in field laboratory

19:00-19:20 18:00-18:20

Fejiri Chinye-Nwoko
Nigeria Solidarity Support Fund,
Nigeria

Title: Mobilizing the private sector resources for a strengthened COVID-19 response

19:20-19:40 19:20-19:40

Vladimir Zajac
Cancer Research Institute,
Slovakia

Title: An evolutionary view of the coronavirus epidemic process

19:40-20:00 19:40-20:00

**Isra Mufadal Abdulkareem
Abdullah bur**
Sudan Medial Council, Sudan

Title: The prevalence of covid-19 infection in patients presented with acute exacerbation of asthma, copd and idiopathic pulmonary fibrosis at the emergency department of Al-Ahaab Teaching Hospital from July 2021 to November 2021

20:00-20:20 20:00-20:20

**Ahlam Abdulsalam Albahloul
Almabrouk**
College of Pharmacy University
of Gharyan, Libya

Title: Treatment of Old World cutaneous leishmaniasis with paromomycin cream, oral dapsone alone and in combination in Algabal Algarby Libya

20:20-20:40 02:20-02:40

Jieming Qu
Shanghai Ruijin Hospital, China

Title: Use of tixagevimab/ cilgavimab in omicron outbreak in China: Baseline characteristics and interim analysis of the clinical outcomes

POSTER PRESENTATIONS

20:40-20:50 02:40-02:50

Jernell Robert D. Malixi
Batangas Medical Center,
Philippines

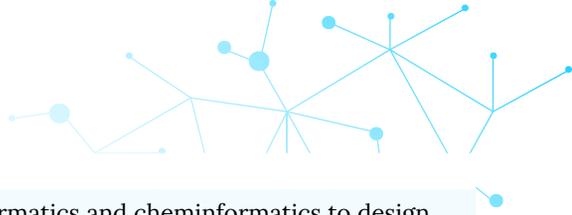

Title: Three year retrospective study on the survival analysis of ventilator acquired pneumonia adult patients at Batangas medical center, Philippines

20:50-21:00 19:50-20:00

Houda Limam
Faculty of Medicine of Tunis,
Tunisia

Title: In vitro activity of colistin against pseudomonas aeruginosa with difficult-to-treat resistance isolates from critically ill burn patients

CEST Timings Local Timings

21:00-21:10 22:00-22:10

Khalid Abd-Elghany
Egyptian Drug Authority, Egypt

Title: Integration of immunoinformatics and cheminformatics to design and evaluate a multitope vaccine against klebsiella pneumoniae and pseudomonas aeruginosa coinfection

21:10-21:20 21:10-21:20

Armin Mehmedović
University Hospital for Infectious Diseases Dr. Fran Mihaljević, Croatia

Title: Use of modified brixia score in predicting mortality in hospitalized patients with COVID-19 pneumonia

21:20-21:30 20:20-20:30

Rachida Belhadj Aissa
Public hospital establishment of Boufarik, Algeria

Title: Piringer kuchinka's lymphadenitis revealing visceral leishmaniasis in an immunocompetent: A case report

21:30-21:40 16:30-16:40

Cintia Gisela Cevallos
University of Buenos Aires, Argentina

Title: SARS CoV2 viral load and replication in postmortem pulmonary and extrapulmonary tissues

21:40-21:50 19:40-19:50

Emmanuel Bofo
University of Ghana, Ghana

Title: Molecular identification of babesia and borrelia species that are potential cause of babebiosis and lyme disease: A one-health concept study of wild ticks

21:50-22:00 20:50-21:00

Houda Limam
Faculty of Medicine of Tunis, Tunisia

Title: Osteoarticular brucellosis in an endemic region: Epidemio-clinical aspects, diagnosis, and treatment of 49 cases

22:00-22:10 21:00-21:10

Rachida Belhadj Aissa
Public hospital establishment of Boufarik, Algeria

Title: Therapeutic challenges of cryptococcosis in immunocompetent and people living with HIV in Boufarik, Algeria: A retrospective analysis

Important Note

- The first day (DAY 1) of the program will take place in-person and will be scheduled according to the CEST time zone.
- The second day (Day 2) will be with both in person & virtual presentations and scheduled according to the CEST time zone.
- Sometimes there may be small changes in the program due to technical problems or presenters not showing up. To avoid missing any presentations, all presenters are asked to be available for the entire day of their presentation.
- When the program refers to Local Timings, it means that the timing mentioned is based on the time zone of the presenter's country.

****End Note****

*We wish to meet you again at our
upcoming event next year...*
